

## Chapter 1, Section 2: Atmospheric Heating Conduction, Convection and Radiation

### 1. Thermal Conduction-

Examples:

### 2. Thermal Convection-

Examples:

### 3. Thermal Radiation-

Examples:

Breakdown By Percentage of What the Earth Does With the Heat From the Sun  
Sketch :(Pg 10, Figure 1)

Radiation Balance-

Sketch:

Greenhouse Effect-

Gases Involved:

Sketch:

Global Warming-

Consequences:

Heat Island-
